

Schedule of Quantity To be opened on 21/11/2025.

Issue to :-

Date :-

Name of Work :- Supply of Street Light Drivers AND Relay Contactors for Timers etc. for MC Mandi H.P.

Sr. No.	Item No.	Qty.	Units	Rate in figure	Rate in Word	Amount
1	TS2M1 series Timer (Supply voltage 230 V AC, Relay rating 16 A @ 250 V AC of ISI or BIS specifications.	8.00	No.			
2	Relay Contactors (for street light timer panel) (Coil Voltage :230V AC-Contact Raing: Minimum 32A, 3-Pole-Suitable for automatic street light switching-Make:L&T / Siemens/ Schneider / ABB or equivalent-Heavy duty, dustproof, with auxilary contacts of ISI or BIS specifications	12.00	No.			
3	LED Street light Driver - 20W (140-270 Volt universal electronic driver with internal surge protection of > 3kv. Wide range of voltage to withstand the fluctuation of ISI or BIS specifications)	40.00	No.			
4	LED Street Light Driver-35 W (140-270 Volt universal electronic driver with internal surge protection of > 3kv. Wide range of voltage to withstand the fluctuation of ISI or BIS specifications)	40.00	No.			
5	LED Street Light Driver-70 W (140-270 Volt universal electronic driver with internal surge protection of > 3kv. Wide range of voltage to withstand the fluctuation of ISI or BIS specifications)	40.00	No.			
6	LED Street Light Driver-130 W (140-270 Volt universal electronic driver with internal surge protection of > 3kv. Wide range of voltage to withstand the fluctuation of ISI or BIS specifications)	40.00	No.
